## Clinical judgement and decision

This chapter articulates that clinical judgement can be established and brought into decision-making whether

one is operating from an evidence-based perspective or another model. Chapters 6 to 10 use case study formats to illustrate how different aspects of clinical judgement and decision-making can be applied.

### **Clinical Reasoning vs. Clinical Judgment: What's the ...**

Clinical judgment = the final decision  
Clinical reasoning = the process  
Judgment suggests that that's the final decision; reasoning is the process. Maybe, at the end of this, we call it clinical reasoning. I don't know. We have chosen clinical judgment and have established an operational definition for it, so we all know that's what we're ...

### **Nurses are critical thinkers | The BMJ**

Errors in clinical judgement and decision making are said to account for more than half of adverse clinical events (Tomlinson, 2015). The focus of the nurse clinical judgement has to be on quality evidence based care delivery, therefore, observational and reasoning skills will result in sound, reliable, clinical judgements.
