Developments in Law and Policy: Emerging Issues in Family Law

bioethical issues in family law. Although children have long been one of the central concerns of this field, modern developments in artificial insemination,

Child Custody and Family Law Issues

However, separating from their batterers can put women at increased risk and implicates a variety of child custody issues. Because of the ways in which batterers can use child custody and visitation against their former partners, it is critical that the laws that govern child custody determinations, laws most often invoked during divorce, further the safety of both the child and the non-abusive parent.
